

**BOSTON COLLEGIATE CHARTER SCHOOL**  
**Summer 2019 Internship Openings**

BCCS was founded in 1998 with a simple yet ambitious mission: to prepare each student for college. We have grown from 120 students in grades 5 through 7 to almost 700 students in grades 5 through 12.

- 100% of BCCS's graduating classes have been accepted to college. The majority of our students will be the first in their families to earn college degrees.
- In 2018, 95% of BCCS students scored Advanced or Proficient on the 10th grade ELA MCAS exam, compared with the Massachusetts state average of 90%; 92% of BCCS students scored Advanced or Proficient on the 10th grade Math MCAS, compared with the Massachusetts state average of 78%. Additionally, 94% of BCCS students scored Advanced or Proficient on the 9th grade Physics MCAS exam.
- The school accepts students by random public lottery from a waiting list of over 1,700 students.

**Current Openings**

We are looking for smart, problem-solving, self-reflective, and passionate **SUMMER INTERNS** who want to be part of a dynamic team to help continue to BUILD a school and to SHAPE its future direction. **The dates for the Summer Internship run from Tuesday, May 28th-Friday, August 2nd.** Our summer interns:

- believe we must all do whatever it takes to ensure all students are not only accepted to college but graduate successfully from college;
- believe in measuring student academic achievement in tangible ways;
- believe that data should drive instruction and that curriculum should be based on clear and rigorous standards;
- believe in reflecting on their performance with the desire and humility to grow in and improve upon their craft in the interest of student achievement;
- believe in having the highest expectations for all students and not making excuses for them, the school, or staff;
- believe that students, families, teachers, and school leaders should be held strictly accountable for their work;
- believe in building a positive school culture where respect, enthusiasm, effort, achievement, perseverance, community, and hard work are valued; and
- believe that for every problem, there is a solution, that if we can't find the answer immediately, we simply work longer, harder, and smarter.

Interns at BCCS will engage in a wide variety of tasks, ranging from: assisting classroom teachers in planning, preparation, and execution of instruction; supporting individual students through one-on-one tutoring; assisting in daily administrative tasks (planning field trips, monitoring afterschool activities, correcting final exams, proctoring standardized tests); taking on responsibility for long-range data gathering and analysis projects. In addition, our interns take an active role in our Summer Academy and provide direct academic support in our remediation program. Interns are an integral part of the school's success and help to wrap up the year with students, assist the leadership team in preparing for the upcoming year over the summer, and serve as point people for our principals.

Our Summer Internships are unpaid. Many of our former interns have worked with their campus's student employment offices about the possibility of a work study partnership.
